Senscience Smooth Shampoo

#### 1. Identification of the material and supplier

<u>Names</u>	
Product name	Senscience Smooth Shampoo
Distributor	: SALON SUPPORT PTY. LTD. 16 Cavendish Road COORPAROO QLD 4151AU AUSTRALIA Phone: 07-3397-3933
Manufacturer	: Zotos International, INC 100 Tokeneke Road, Darien, CT 06820 www.zotos.com
Emergency telephone number	: 131126

#### 2. Hazards identification

Classification		Not regulated.
Risk phrases		Not classified.
Statement of		NON-HAZARDOUS SUBSTANCE. NON-DANGEROUS GOODS.
hazardous/dangerous nature		
NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED		

#### INSTRUCTIONS FOR USE ARE FOLLOWED.

### 3. Composition/information on ingredients

Ingredient name	CAS number	Concentration
2-hydroxyethyl stearate	111-60-4	1.00

Other ingredients, determined not to be hazardous according to Safe Work Australia criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

#### 4. First aid measures

**Mixture** 

First aid measures	
Inhalation	: Move affected person to fresh air.
Ingestion	<ul> <li>Have conscious person drink several glasses of water or milk. Do not induce vomiting. Get medical attention if adverse health effects persist or are severe.</li> </ul>
Skin contact	<ul> <li>Prolonged or repeated contact with skin or mucous membrane may result in irritation symptoms, such as redness, blistering, dermatitis etc. Discontinue use of product Apply cold compresses to affected areas to relieve any discomfort Seek medical attention if irritation persists.</li> </ul>
Eye contact	: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. May cause eye irritation.
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.
Advice to doctor	<ul> <li>No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.</li> </ul>

# 5. Fire-fighting measures

Extinguishing media	:	Extinguish fire using an agent suitable for the surrounding fire. Dike liquid for later disposal.
Special exposure hazards	:	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
		In a fire or if heated, a pressure increase will occur and the container may burst.
Hazardous thermal decomposition products	:	Decomposition products may include the following materials: carbon dioxide carbon monoxide
Special protective equipment for fire-fighters	:	Non-combustible. No special recommendations.

### 6. Accidental release measures

Personal precautions	: Do not touch or walk through spilled material. Keep container closed.
Environmental precautions	<ul> <li>Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).</li> </ul>
Methods for cleaning up	: Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Place spilled material in an appropriate container for disposal. After contact with skin, wash immediately with plenty of water.

### 7. Handling and storage

Handling	: Avoid contact with skin and eyes. Store in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10).
Storage	: Keep container tightly closed. Store in a dry place.

### 8. Exposure controls/personal protection

#### Occupational exposure limits

Ingredient name			Exposure limits
2-hydroxyethyl stearate			<b>Safe Work Australia (Australia, 8/2005).</b> TWA: 10 mg/m³ 8 hour(s).
Recommended monitoring procedures	:	atmosphere or biologic	ingredients with exposure limits, personal, workplace al monitoring may be required to determine the effectiveness er control measures and/or the necessity to use respiratory
Exposure controls			
Engineering measures	:	In case of insufficient ve	entilation, wear suitable respiratory equipment.
Hygiene measures	:	eating, smoking and us Appropriate techniques	and face thoroughly after handling chemical products, before ing the lavatory and at the end of the working period. should be used to remove potentially contaminated clothing. othing before reusing. Ensure that eyewash stations and safety e workstation location.
Eyes	:		ring with an approved standard should be used when a risk nis is necessary to avoid exposure to liquid splashes, mists or
Hands	:	Wear suitable gloves.	
Respiratory	:	standard if a risk asses	r-purifying or air-fed respirator complying with an approved sment indicates this is necessary. Respirator selection must anticipated exposure levels, the hazards of the product and the le selected respirator.
Skin	:		ipment for the body should be selected based on the task ne risks involved and should be approved by a specialist before

1

### 8. Exposure controls/personal protection

Environmental exposure	: Emissions from ventilation or work process equipment should be checked to ensure
controls	they comply with the requirements of environmental protection legislation. In some
	cases, fume scrubbers, filters or engineering modifications to the process equipment
	will be necessary to reduce emissions to acceptable levels.

### 9. Physical and chemical properties

: Liquid. [Viscous liquid.]
: Clear. White. Various
: Odorless. Characteristic.
: >100°C (>212°F)
: 1.1 to 1.2
: Closed cup: Not applicable.
: 5 to 7
: Not applicable.

## 10. Stability and reactivity

Chemical stability	:	Stable under recommended storage and handling conditions (see section 7).
Possibility of hazardous reactions	:	Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid	:	No specific data.
Materials to avoid	1	No specific data.
Hazardous decomposition products	;	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### **11. Toxicological information**

Potential acute health effects									
Inhalation	:	No known sig	nificant effects or critical hazard	ls.					
Ingestion	;	No known significant effects or critical hazards.							
Skin contact	:	No known significant effects or critical hazards.							
Eye contact	:	No known significant effects or critical hazards.							
Acute toxicity

### **11. Toxicological information**

-	
Chronic effects	: No known significant effects or critical hazards.
Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Teratogenicity	: No known significant effects or critical hazards.
Developmental effects	: No known significant effects or critical hazards.
Fertility effects	: No known significant effects or critical hazards.
Over-exposure signs/symp	<u>otoms</u>
Inhalation	: No specific data.
Ingestion	: No specific data.
Skin	: No specific data.
Eyes	: No specific data.
Target organs	: Contains material which may cause damage to the following organs: upper respiratory tract, skin, eye, lens or cornea.

### **12. Ecological information**

# THE FOLLOWING DATA IN THIS SECTION IS SOURCED FROM PUBLICLY AVAILABLE DATABASES AND NOT THE REPRESENTATION OF ANY DATA COLLECTED BY ZOTOS INTERNATIONAL OR ITS AFFILIATES.

Ecotoxicity	1	No known significant effects or critical hazards.
Aquatic ecotoxicity		
<b>Conclusion/Summary</b>	1	Not available.
Other ecological information		
Persistence/degradability		
Conclusion/Summary	1	Not available.
Other adverse effects	:	No known significant effects or critical hazards.

#### 13. Disposal considerations

Methods of disposal

: Dispose of according to all federal, state and local applicable regulations.

### 14. Transport information

Regulation	UN number	Proper shipping name	Classes	PG*	Label	Additional information
ADG	Not regulated.	-	-	-		-
